A new knowledge-sharing facility within the United Nations System

This Conference Centre is available to the United Nations System of Organizations and other institutions for conferences, seminars, workshops and multimedia events.

The Conference Centre is a modern and technically advanced meeting facility located in the heart of Europe, at the International Training Centre of the ILO in Turin, Italy.

The building is set in parklands on the banks of the River Po, and has a beautiful view of the river and of the hills behind it.
The ILO International Training Centre has extensive experience in organizing international training activities, workshops, conferences and events.

In addition to the facilities, a full package of services is available including organization, management and supervision of the event, and all services (branding, communication, facilitation, language services, secretarial support, transport and accommodation), provided by our international staff and high-quality suppliers.

The facilities and package of services can be customized to your needs whatever the size or objective of your event, with competitive rates to suit all budgets.
Conference Centre dimensions and features

- 1,500 square metres (16,000 square feet) on two floors
- A conference hall with up to 350 seats
- Six classrooms with 30 to 150 seats
- Four secretariat offices
- Flexibility afforded by sliding walls and multi-functional furniture
- Cloakrooms
- Catering areas
- Exhibition space
- Accessible for persons with disabilities.
Conference and training technology

- Digital projection in full HD from any video source (PC, DVD, satellite, etc.)
- Wireless audio conference system
- Wireless simultaneous interpretation system
- Five simultaneous interpretation booths for multilingual conferences in up to six languages
- Digital mastering for audiovisual productions
- Portable film cameras for video-recording events
- Multi-point videoconferences in the main rooms
- Audio relay to any point in the Conference Centre
- Free 24-hour Internet connection, and multiple access points
- "Building automation" programming for projections, conferences, etc.
- Multi-function copiers, both colour and black-and-white.
Close to the historic heart of Turin, the campus is a unique and pleasant working environment, with conference, training and residential facilities distributed over 21 buildings set in ten hectares of riverside parkland.

The world in one campus

The various buildings are organized in five clusters representing the world's continents: Americas, Africa, Asia, Europe and Oceania.
On this compact, functional campus, people came from all over the world to live and learn together in a stimulating international environment.

Purpose-built rooms and state-of-the-art equipment help to maximize learning and knowledge-sharing.

All residential services are available for a pleasant stay, including cultural and social events in the evenings and at week-ends.
Additional conference facilities

- 30 classrooms (for 20 to 200 people), six with interpretation equipment and one with videoconference equipment. All are equipped with Internet, electronic presentation, slide show and video facilities.
- Computer laboratory
- Videoconference rooms
- Offices and exhibition areas
- All classrooms and offices have work stations with an online connection.
Specialized services

- **Learning and information resources**: multilingual information resources (books, reference materials, journals, databases, videos); research assistance; loans; compilation of bibliographies; online information services; access to the ILO, UN and European Union information networks; free Internet access; reading area.

- **Learning and training facilitation**: experienced facilitators to introduce participatory methods and modern learning techniques, such as world café, fish bowls, round Robins, speed-dating, knowledge expeditions, and spirals of learning.

- **Secretarial and administrative services**: all the expertise and support needed to organize successful meetings, workshops and conferences.

- **Travel services**.
Language services

- **Simutaneous interpretation** in up to five languages including Arabic, Chinese, English, French, Italian, Portuguese, Russian and Spanish, plus other languages upon request.

- **Translation, editing and revision** in all United Nations and European languages, plus other languages upon request. Use of CAT (computer assisted translation) software and online connection to United Nations and European linguistic thesaurus and databases.
Publishing services

- **Graphic design and production**: creation of promotional, information and training materials. Digital and offset printing. Cost-effective, timely, and high-quality printing of conference documents and publications. The printing shop can produce work ranging from black-and-white documents with simple binding to sophisticated full-colour publications with special binding, as well as banners, presentations, panels for exhibition and display.

- **Photography**: full or *ad hoc* photographic coverage.

- **Multimedia**: web design and development, video recording, production and post-production, creation and duplicating of CD-ROMs, DVDs and USB pen drives.
Accommodation and catering

- 204 single bedrooms, 72 double bedrooms and 12 suites.
- Reception open 24 hours a day: reception desk, porter service, shuttle service to airport, taxi service, left luggage facilities, safe, sale of bus tickets and telephone cards.
- Cafeteria / canteen: large choice of meals prepared with top-quality local products, grill and pizza.
- Full-service restaurant: à la carte menu with traditional Italian cuisine.
- Catering services: a wide selection of options, from finger food buffets to themed banquets, incorporating the best local produce and catering to all dietary requirements.
- Coffee lounge / bar with entertainment events.
Support services

- Bank
- Post office
- Travel agency
- Participant services: info desk, social events, musical entertainment, excursions, gift shop.
- Internet access: free in all bedrooms and classrooms. Internet corner open 24 hours a day.
- Sport and fitness: gym, football pitch and three tennis courts.
- Laundry services
- Medical service
Discover Turin and the Piedmont Region

Piedmont is a region of glorious contrasts and various landscapes; from the urban centre of Turin to the majestic Alps that surround the region. It caters to all kinds of tourism, including skiing and active lifestyles, high-end gastronomy and wine-tasting, world-class museums and architecture.

- The Egyptian Museum in Turin has the world's second-largest collection of Egyptian antiquities.
- The National Cinema Museum of Turin is the world's only museum of its kind. It traces the history of the moving image up to the present day and is located in Turin's tallest building, the *Mole Antonelliana*.
- In winter, the Alps offer ski resorts while in summer the Ligurian coast is just a drive away.
- The royal palace of *La Venaria Reale*, has been restored to its former glory and is included in UNESCO's Heritage List.
Travelling to Turin

Turin has a central location in Europe, in the north of Italy. It is easy to reach from Geneva (3 hours by car), Milan, Rome, London, Paris, Brussels and Frankfurt (about 1 hour flight).

**By air**  
Turin's Caselle airport is 16 kilometres north-west of the city centre. The campus shuttle service takes 30-40 minutes to get to or from Caselle airport, and little more than an hour to or from Milan's Malpensa airport.

**By train**  
Turin has three railway stations: Porta Nuova, in the city centre (about 15 minutes by taxi or bus from the campus); Porta Susa (about 20 minutes); and Lingotto (about 10 minutes).

**By car**  
All the motorways bring you on to Turin's ring road ("tangenziale"). We recommend taking the exit marked "Corso Unità d'Italia". The campus is about a kilometre after that exit. Parking is available.
